Legacy Estate Maximizer DISCLOSURE STATEMENT

Please carefully review the following information before signing this statement below. If you have any questions about the policy you are purchasing, please ask your agent or contact Assurity Life Insurance Company at (800) 276-7619, Ext. 4264.

I understand that:

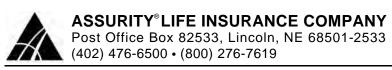

- I am purchasing a single-premium whole life insurance policy—not an investment, annuity or savings vehicle—from Assurity Life Insurance Company.
- This policy should not be purchased with funds I need for routine living expenses or financial obligations.
- The money available to me through loan or surrender in the early policy years will be less than the premium I paid for this policy.
- If I need access to funds I used to buy this policy, I must take a policy loan, which will incur interest charges, or surrender the policy entirely.
- Any accrued loan amount will reduce the policy's death benefit or the amount received if the policy is surrendered.
- If I use proceeds from a **nonqualified** annuity to purchase this policy, I may pay withdrawal
 charges on that annuity and will pay income tax at ordinary rates on any gain in the annuity
 proceeds.
- If I use proceeds from a **qualified** annuity to purchase this policy, I may pay withdrawal charges on that annuity and will pay income tax at ordinary rates on the entire annuity proceeds.

I understand that I should discuss all tax consequences related to this purchase and policy with an independent tax advisor.

DISCLOSURE STATEMENT

MODIFIED ENDOWMENT CONTRACT

The Technical and Miscellaneous Revenue Act of 1988 created a new class of life insurance contracts known as Modified Endowment Contracts. The principal purpose of this law was to restrict the use of life insurance as an investment. The law limits the amount of premium that is allowed to be paid into a life insurance contract. The allowable amount of premium is dependent on the death benefit. If the calculated premium limits (defined in IRS code section 7702A) for a life insurance contract are exceeded, the life insurance contract becomes a Modified Endowment Contract.

The plan of insurance exceeds the calculated allowable premium limits and would therefore be considered a Modified Endowment Contract. A policy that is a Modified Endowment Contract has the following implications:

- 1) Money distributed from a Modified Endowment Contract by cash distributions, withdrawals, loans, or assignments, will be considered taxable income until all gain, if any, has been distributed.
- 2) The taxable income amounts will also be subject to a 10 percent penalty tax unless the Owner is at least 59¹/₂ years old, becomes disabled, or annuitizes the entire cash value. (If the Owner is a corporation, such proceeds are subject to the 10 percent penalty tax at any time.)

Death benefits of Modified Endowment Contracts paid to the beneficiary continue to be treated as life insurance proceeds and therefore are not subject to income tax.

I acknowledge that I have read this disclosure statement and that I understand that the plan of insurance is a Modified Endowment Contract and therefore subject to special tax treatment as outlined above.

REPLACING YOUR LIFE INSURANCE POLICY OR ANNUITY?

Are you thinking about buying a new policy and discontinuing or changing an existing policy? If you are, your decision could be a good one—or a mistake. You will not know for sure unless you make a careful comparison of your existing policy and the proposed policy.

Make sure you understand the facts. Georgia law gives you the right to obtain a policy summary statement from your existing insurer at any time. Ask the company or agent that sold you your existing policy to give you information about it.

The reverse side contains a checklist of some of the items you should consider in making your decision. TAKE TIME TO READ IT.

Do not let one agent or insurer prevent you from obtaining information from another agent or insurer which may be to your advantage.

Hear both sides before you decide. T	This way you can be sure yo	ou are making a decision tha	t is in your best interest.

ITEMS TO CONSIDER

- 1. If the policy coverages are basically similar, premiums for a new policy may be higher because rates increase as your age increases.
- 2. Cash values and dividends, if any, may grow slower under a new policy initially because of the initial costs of issuing a policy.
- 3. Your present insurance company may be able to make a change on terms which may be more favorable than if you replace existing insurance with new insurance.
- 4. If you borrow against an existing policy to pay premiums on a new policy, death benefits payable under your existing policy will be reduced by the amount of any unpaid loan, including unpaid interest.
- 5. Current interest rates are not guaranteed. Guaranteed interest rates are usually considerably lower than current rates. What rates are guaranteed?
- 6. Are premiums guaranteed or subject to change—up or down?
- 7. Participating policies pay dividends that may materially reduce the cost of insurance over the life of the contract. Dividends, however, are not guaranteed.
- 8. CAUTION, you are urged not to take action to terminate, assign or alter your existing life insurance coverage until after you have been issued the new policy, examined it and have found it to be acceptable to you.

and

REMEMBER, you have ten (10) days following receipt of any individual life insurance policy to examine its contents. If you are not satisfied with it for any reason, you have the right to return it to the insurer at its home or branch office or to the agent through whom it was purchased, for a full refund of premium.
